FOREWORD

This book was assembled to give you a record of many hours spent at school - some carefree, some more serious. We have included something that is very significant to us as American citizens. Through the courtesy of Convair, our neighboring defense plant, we have been able to reproduce in The Bullfrog some of the planes most common and more frequently seen by you as they fly over our school.

As you thumb through this book, or perhaps show it to your children, we sincerely hope it brings back very clearly the memories of the 1957-58 school year.

DEDICATION

To the students of Lake Worth High School who are the teenagers of today and the leaders of tomorrow, we sincerely dedicate this 1958 BULLFROG annual.

Nothing material in man's history so shows his progress as the airplanes. In the airplanes, we have symbolized the progress we hope you will make in the future.

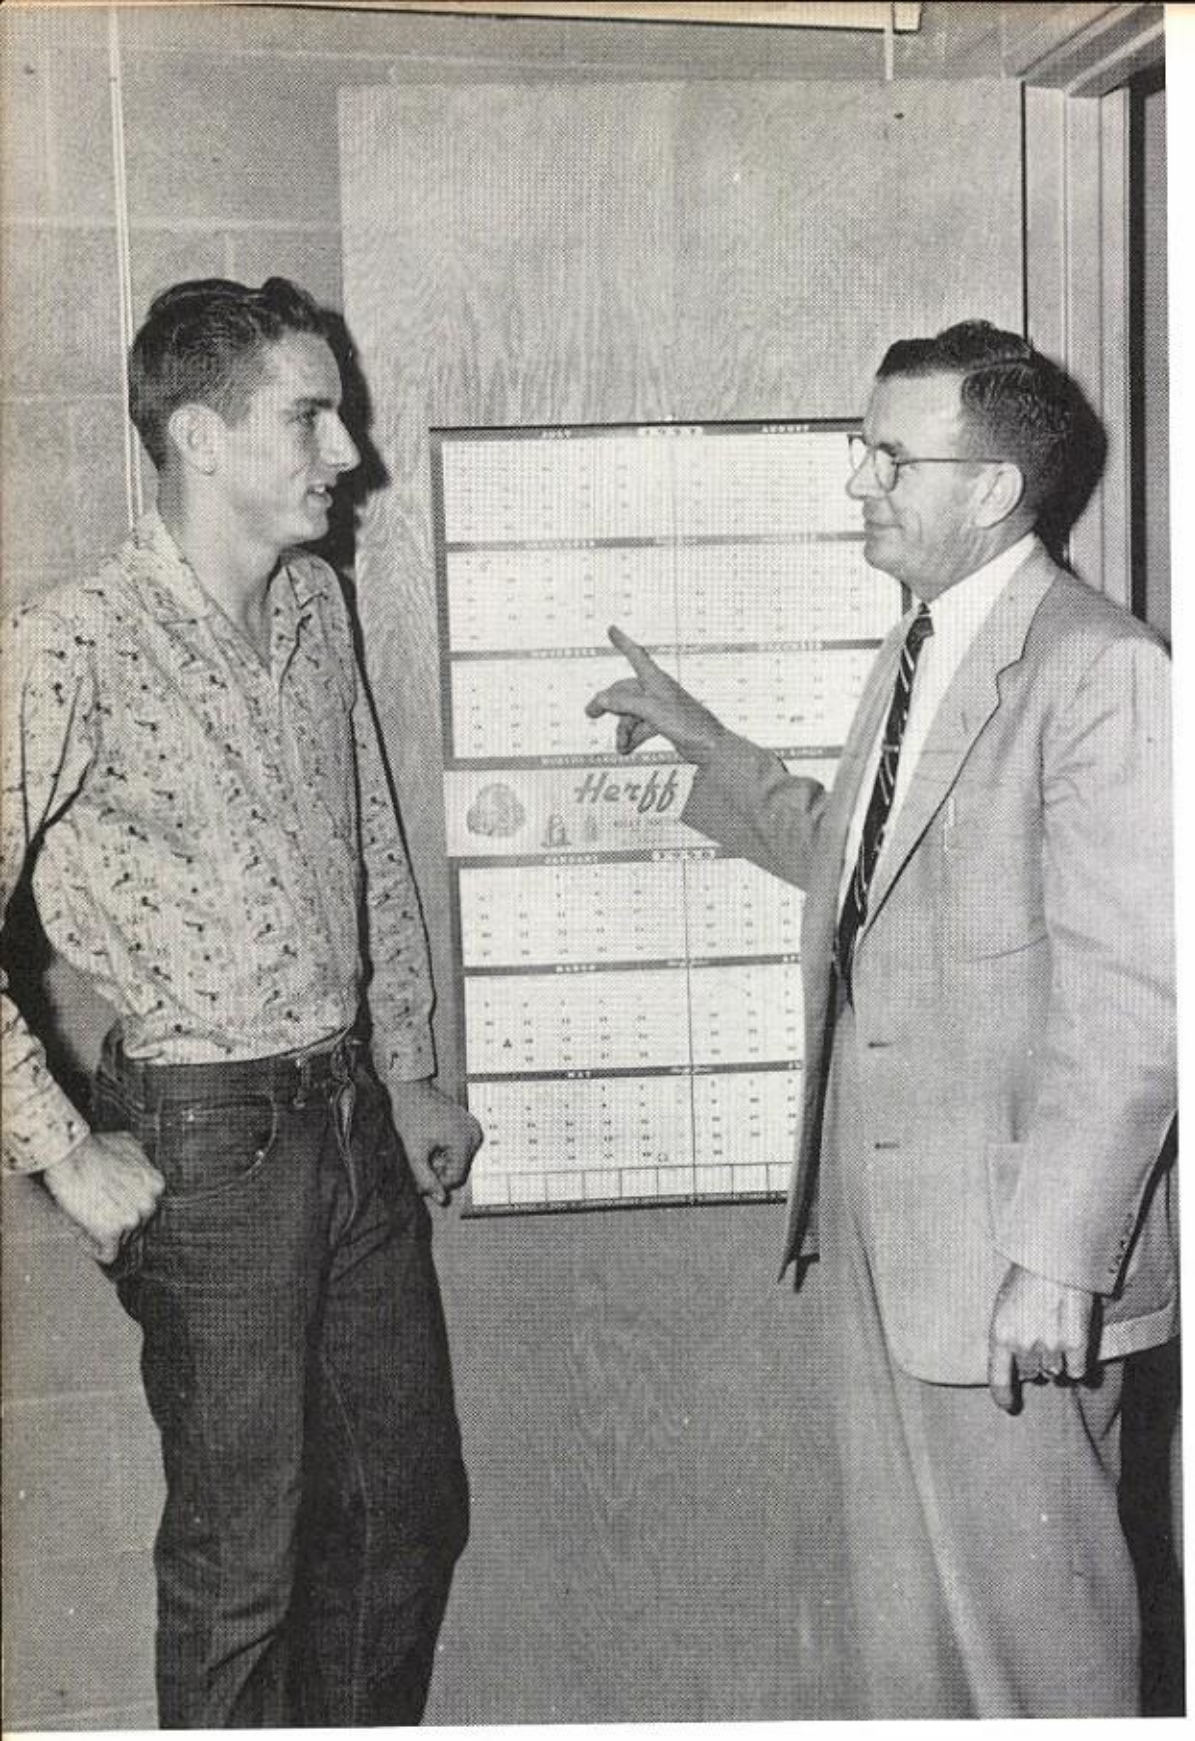
ORGANIZATIONS



Mr. Belew, sponsor of the Student Council, is explaining to Johnny Glover, president, the dates on the school calendar.

STUDENT COUNCIL

Elected by the student body in March to serve the following year, the Student Council consists of a representative from each class plus a president who must be a senior, a vice president from the junior class, and a secretary and treasurer from the sophomore class. The members are elected on the basis of interest in school government, leadership, and popularity. Maintaining passing grades is necessary.

Creating better fellowship between faculty and students and among students themselves are some of the purposes of the Lake Worth High School Student Council.
